			**JCQ DEFINED CONTINGENCY DAY				

Notes:

**Contingency day for GCSE examinations will be used to reschedule examiniations if widespread, sustained, national or local disruption arises during the June 2023 exam series. Students are expected to ensure they will be available until this date in the event that it is necessary to reschedule any exams. Non-attendance in any exam resceduled for this day will result in a mark of zero for that paper. This has been specified by JCQ and the Exam Boards and is outside the control of the school.

There are also two contingency afternoons which Students will be expected to be available for.
